## Powerful tools to settle claims FAST...

### Deadline Tracking

Easily track tolling, statue, CRN, POL, recoverable depreciation deadlines & MORE!

### Detailed Diary & Journals

Never search for a note or email again! Every task is date/time/name stamped for easy discovery.

### Work Seamlessly with PAs

ClaimWizard's pioneering approach of Proactive Claim Management™ provides you with the tools to identify issues before they become headaches.

Adjustment management software is a must for adjusters wanting to be "the best." We hear of others saying that the *ClaimWizard* team are not just dedicated software developers, but partners in helping their clients in the management of their business.
